What is this product?

Type: The shares are a class of shares (the “Shares”) in Emerging Markets Equity (the “Sub-Fund”), a sub-fund of Euromobiliare International Fund (the “SICAV”), a *société anonyme* set up as an Undertaking for Collective Investments in Transferable Securities (UCITS) under Luxembourg law. Euromobiliare Asset Management SGR SpA (the “Management Company”) has been appointed as the management company of the Fund. The Sub-Fund is a compartment of an investment fund, whose performance will depend on the performance of its portfolio.

Term: The term of the Sub-Fund is unlimited. The board of directors of the SICAV (the “Board”) may decide to terminate the Sub-Fund by liquidation or merger under certain circumstances. The Board also has the power to compulsorily redeem your Shares in certain circumstances. The Management Company as PRIIP Manufacturer cannot terminate the Shares, Sub-Fund or SICAV unilaterally.

Objectives: The Sub-Fund aims to long term capital growth. The Sub-Fund invests at least 80% of its net assets in equity-type securities of countries included in the MSCI Emerging Markets Index. The Sub-Fund net asset may be invested up to a maximum of 20%, in equity-type securities of countries not included in the MSCI Emerging Markets Index. The investments referred to above may be made directly or indirectly through equity-related securities such as ADR, ADS, GDR or GDS. Investment in ADR, ADS, GDR et GDS may not exceed 15% of the sub-fund's net assets. The Sub-Fund may invest up to 10% of its net assets in China A-shares. Direct investments in China A-shares will be made through the Stock Connect. The Sub-Fund will not invest in convertible bonds, contingent convertible bonds (CoCos), ABS, MBS, CMBS and/or distressed securities or defaulted securities. The sub-fund may also invest up to 10% of its net assets in units of UCITS and/or UCI as defined in section 5, point A of the Prospectus. The Sub-Fund may, additionally, hold ancillary liquid assets under section 5.A.5) of the Prospectus. For investment and cash management purposes and/or in case of adverse market conditions, the Sub-Fund cash equivalents, such as deposits and money market instruments with a residual maturity of less than 12 months. For the purpose of fulfil the investment objectives of the Sub-Fund, the use of derivative products will be for hedging and investment purpose. The Sub-Fund does not have a sustainable investment as its objective nor intends to promote specific environmental or social characteristics as defined by EU Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector (“SFDR”) and therefore qualifies as an article 6 product within the meaning of SFDR. The Sub-Fund is actively managed against the Benchmark, which is used to define the initial investment universe of the Sub-Fund. The Sub-Fund does track the Benchmark but aims to overperformance. As part of the investment process, the sub-Investment Manager has full discretion to determine the components of the Benchmark in which the Sub-Fund will be invested and the weights of selected issuers. There are no restrictions on the extent to which the portfolio and the performance of the Sub-Fund may deviate from those of the Benchmark. The investment manager may also, up to 20% of the Sub-Fund's net assets, take exposure to companies, countries or sectors not included in the Benchmark.

The benchmark is: 100% “MSCI Emerging Markets” in euro.

The B shares are accumulating.

You can request the redemption of some or all your shares on any bank business day in Luxembourg.

Depository: BNP Paribas S.A. (Luxembourg Branch).

Further information: This Key Information Document describes a class of shares of a sub-fund of the SICAV. The assets and liabilities of each sub-fund of the SICAV are segregated by law, meaning the performance of another sub-fund of the SICAV has no impact on the performance of your investment in the Sub-Fund. You may exchange your Shares for share(s) of another sub-fund of the SICAV, as outlined in the Prospectus, and subject to a conversion fee of up to 0.5% of the net asset value of the Shares to be converted. You can obtain additional documents, such as the Prospectus, as well as the last available annual or semi-annual financial reports, free of charge, in English, at the registered office of the SICAV or on the website www.eurosg.it. The Prospectus and the periodic reports are prepared for the SICAV as a whole.

Price Publication: Further information about the Shares, such as the latest net asset value of the Shares which is published daily, is available on the website www.eurosg.it.

Intended Retail Investor: Shares of the Sub-fund may be subscribed by the professional investors. The typical investor (i) is willing to hold the invested amounts for a period of time in line with the Recommended Holding Period, i.e., with a time horizon of 7 years; (ii) is able to bear losses, as the Sub-fund is not guaranteed and is characterized by a risk level of 4; (iii) is seeking for capital appreciation.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes that you keep the product for 7 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less. You will/may have to pay significant extra costs to cash in early.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is the a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions are very unlikely to impact the capacity of issuer to pay you.

This product does not include any protection from future market performance so you could lose some or all of your investment. If the Sub-Fund is not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product/a suitable benchmark over the last 12 years. Markets could develop very differently in the future.

What happens if Euromobiliare Asset Management SGR SpA is unable to pay you?

The assets and liabilities of the Sub-Fund are segregated from the assets and liabilities of the Management Company, meaning the default of the Management Company as PRIIP Manufacturer should not cause you a financial loss. However, if the Sub-Fund is unable to pay what is owed, you could lose your entire investment. The Depositary, who is responsible for the safe-keeping of the assets of the SICAV, is required by law to segregate the assets of the Fund from its own. The Depositary will also be liable, in accordance with the law, if a financial instrument held in its custody is lost, unless it can prove that the loss was beyond its control, in which case you may face a financial loss. Such losses are not covered by any guarantee or investor compensation scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables below show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product performs. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- that you would get back the amount that you invested in the first year (0% annual return). For the other holding periods we have assumed that the product performs as shown in the moderate scenario;
- that 10.000 EUR per year is invested.

	If you exit after 1 year	If you exit after 7 years
Total Costs	€ 131	€ 953
Annual cost impact (*)	1.3%	1.3% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at recommended holding period your average return per year is projected to be 2.4% before costs and 1.1% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

How long should I hold it and can I take money out early?

Recommended holding period: 7 years

The recommended holding period was selected to align with the Management Company's projections as to when the underlying investments are most likely to start generating returns. Redeeming your Shares before the end of the recommended holding period may increase your risk of incurring lower or no returns on your investment. You may request, on any day which is a bank business day in Luxembourg, to redeem all or part of the Shares held. Requests for the redemption of Shares shall be made in writing either directly to the UCI Administrator, in the case of direct investment, or through the Principal Placing Agent or the Placing Agent in the country of marketing which had collected the subscription request. Please refer to the Prospectus for further details regarding redemptions.
